Summary

Junior **Front-End Developer** with hands-on experience in **React.js**, **Tailwind CSS**, and **Firebase**. Passionate about crafting responsive and accessible web applications. Adept at building dynamic user interfaces and integrating APIs. Known for fast learning, problem-solving, and collaborative teamwork.

Experience

Almdrasa

May 2024 – Present

Front-End Developer Intern – React.js

Remote

- Built and deployed **20+ production-ready projects** using React.js, Tailwind CSS, and SCSS.
- Integrated **multi-language support**, improving accessibility and user reach.
- Enhanced UI responsiveness and performance, reducing load times by **20%**.
- Integrated **Stripe payments**, handling secure transactions for over **100 daily users**.
- Implemented **real-time data fetching via APIs**, boosting user interactivity.

Projects

Marketio (E-Commerce Website) | React.js, Firebase, Stripe, Tailwind CSS, i18n

- Built an e-commerce platform with features like **wishlist**, **product filtering**, and real-time ratings.
- Integrated **Stripe** for secure checkout and implemented **success confirmation** pages.
- Developed user **authentication system** using Firebase.
- Added **multi-language support** (English, Arabic, Spanish) to reach broader audiences.
- Delivered a fully responsive UI with light/dark themes for enhanced user experience.
